Greetings from St. Charles School,

As a member of the St. Charles community, you have helped shape us, propelled us to where we are today, and created a school of which we can all be proud. This fall, we welcomed over 200 students to campus -- for the start of our 135th school year. St. Charles continues to be committed to teach Respect, Honor, Service, Faith, and Effort in the Catholic tradition. Everything we do here revolves around these five core values, which results in the development of strong character, and good citizenship.

Every day at St. Charles, we witness the impact a single action can have: one teacher that imprints on your mind and heart forever, one question during class that engages a lively and meaningful conversation, one experience that sparks a lifetime passion, one smile that creates a new friendship. The same holds true for the Annual Fund, the cornerstone of St. Charles' fundraising efforts.

A robust Annual Fund has the power to impact the educational experience of all students as well as the remarkable work of our teaching staff. Over the past few years contributions supported improvements to our buildings such as the renovation of the roof, new flooring and painting in the lower school, and energy efficient lighting that will save money and resources in the future. We've also been able to enrich the academic experience of our students through enhancements such as purchases of ChromeBooks, which will continue this year. The next couple of years we hope to continue the process of replacing over 100 windows across our campus and invest in further improvements to the upper school such as new floors and a lift to make the new gym community accessible.

Our goal--and we hope it is yours too--is to maintain the dynamic, vibrant St. Charles of today and to ensure the vitality of tomorrow. Every gift is celebrated and helps shape the school and our students. Thank you for your consideration and everything you do as a valued member of the community.

With gratitude and appreciation,

Ms. Carol Kovac  
Interim Principal
